

June Chamber Meeting

On June 23rd the Moraga Chamber of Commerce held a mixer at the Saint Mary's College, Rheem Center Campus. Over 100 members and their guests chatted, enjoyed delicious appetizers from local stores and restaurants, gazed at original oil paintings of Moraga artist Teresa Onoda and tasted wine from Moraga's own Parkmon Winery. Dave Parker shared a bit of wine growing history surprising the audience with the fact that at one time the vineyards of the Moraga Valley were some of the best in the world. He also said that today there are 40 vineyards within the Town limits. Along with wine tasting, the Chamber heard from Guido Krickx, associate Dean for graduate business, Jane Joyce from the Kalmanovits School of Education, Annalee Lamoreaux, program director BA Leadership & Organizational Studies and Neal McSherry, Director of Ticket Sales and Operations. This mixer was an example of how the Moraga Chamber of Commerce and Saint Mary's College are working to bring the Town of Moraga and Saint Mary's College closer together.
